## SECTION 13: Disposal considerations

### 13.1 Waste treatment methods

#### Waste from residues / unused products:

The concentrated contents or contaminated packaging should be disposed of by a certified handler or according to the site permit. Release of waste to sewers is discouraged. The cleaned packaging material is suitable for energy recovery or recycling in line with local legislation.  
20 01 29\* - detergents containing dangerous substances.

#### European Waste Catalogue:

#### Empty packaging

#### Recommendation:

Dispose of observing national or local regulations.
